Easter Fair At Claremont March 4, 5, 6

Faced with a huge operating loss for the year, Children's Hospital executives and volunteer workers throughout the East Bay are looking forward to the returns from the Easter Fair and Mardi Gras which opens today at Hotel Claremont to help reduce the deficit.

Members of Elm Branch of Albany and El Cerrito have put their shoulders to the wheel and are doing everything in their power to make this year's event an outstanding success, according to Mrs. Robert T. McMahon, chairman of Elm Branch.

Children's Hospital is a non-profit membership corporation under laws of the state, and is governed by a board of 25 directors, who represent a cross section of the community. Officers and members do not receive salaries, special benefits, or any part of the corporation's earnings. Income sources are listed as fees which patients are able to pay, private gifts and donations, United Crusade, Federal Community Chest, Foundation for Infantile Paralysis, Crippled Children's funds and money gathered by the auxiliary branches through rummage sales, fashion shows, auctions, festivals, theater parties, benefit baseball games, the Annual Easter Fair, and many other charity events. At a recent meeting of the directors it was revealed that the hospital faced an operating loss for the year of \$212,929.

This year's exhibit of table settings will be the largest and most complete in the 16-year history of the Easter Fair.

The exhibit of table settings is just one part of the giant four-day carnival of events which make up the fair. Other events include a pageant, fashion show, children's variety show, sub-deb fashion show, and movies of India. Tickets for Easter Fair events are available through any branch member of the hospital.

Kathie Zahn Files New Bus Protest

The Public Utilities Commission in San Francisco, having issued a denial of her complaint over curtailment of the "G" bus line service in Albany on Wednesday, Feb. 23, Mrs. Kathie Zahn drew up a new complaint over the weekend and, on Monday filed it with the commission and requested a new hearing.

In her new petition Mrs. Zahn charged that whoever prepared the PUC decision denying the restoration of service "was not the champion and protector of the people, but had only the interests of POOR, POOR Key System at heart."

In her new petition Mrs. Zahn quoted from a statement by Harley W. Brundage, former president of the commission. The quotation reads in part: "The conception which the commission has of its duty is not that merely of a judge, sitting and weighing evidence presented, but it holds that the Railroad Commission was created by the people of the State of California to be their champion and their protector. It is the duty of the commission to see to it that ratepayers are given service at a fair price and that a public utility company may not be permitted to charge more than is fair."

It is largely on Mrs. Zahn's contention that due consideration was not given her statistical figures, as compared to those presented by the utility, that she hopes to obtain a reversal of the PUC decision No. 51116, issued on February 23, which denied her complaint asking restoration of the former "G" bus line off-hour service.

ALBANY WILL TRY CHANGE IN BUS STOPS

Following an extended discussion of the problems involved, the Albany City Council on Monday night approved a 90-day trial of bus-stop changes at the Solano-San Pablo intersection.

The move involves the change of the stopping and loading zones from the near side to the far side of the intersection, and is designed as a safety measure as affecting pedestrians, besides clearing the northeast corner so cars may make a right hand turn into San Pablo from Solano, without being blocked by standing buses.

Arguments brought up against the move contended that the change would cut down the parking space somewhat in that busy area. Noting that long arguments were in prospect, Mayor Howell suggested the trial period, and this was adopted unanimously.

Later in the meeting Mayor Howell suggested that the Council make available a plot of ground at the city's Terrace Park for the purpose of erecting a recreation building for Senior Citizens, an active organization now meeting in the Recreation Department on Masonic, near Solano. He said the suggested site would be ideal for the purpose and that he understood some of the city's clubs had indicated they would pitch in for the purpose of providing the necessary material and putting up a building, equipped with kitchen and other facilities. The clubhouse would become city property and would be leased to the Senior Citizens. The Council voted to refer the matter to Emmett Devine, superintendent of recreation and parks, for his comment.

The Council approved the recommendation of Chief of Police Ralph Jensen to promote Officer Harry Heyen, 726 Talbot Ave., to the rank of sergeant, and also the hiring of Albert Cranfill, a veteran of the submarine service, as a probationary police officer.

The Council will hold a joint meeting with the City Planning and Zoning Commission next Tuesday, March 8, in the City Hall to discuss an application made by Hill-Aire Homes Inc. for rezoning of Lots 1-36 and 41-35, Block 8, Cerrito Hill, for a hotel site.

Proposed City Ordinance No. 772 relative to parking lot regulations was held over for further study.

Resolution No. 1966-A.N.S. to accept the grant of an easement for sewer by Hill-Aire Homes Inc., was held over at the request of Councilman Blank for investigation of legal aspects of the case.

A request that the parking limit on Solano between Adams and Madison be changed from one hour, to two hours was denied on the recommendation of Police Chief Jensen.

Motor Vehicles In State Show Gain of 3.4%

California's total of motor vehicles increased by one-fifth of a million during the calendar year 1954, a gain of 3.4 per cent.

Paul Mason, state director of motor vehicles, reported to Governor Goodwin J. Knight today that the total number of motor vehicles registered by the Department of Motor Vehicles and licensed to operate on streets and highways of the state between January 1 and December 31, 1954, reached 6,194,642. This is larger by 201,386 than the comparable total for 1953, which was 5,993,256. The 1954 total includes 75,378 vehicles operated in government and public service, exempt from registration fees. In 1953, there were 70,530 of the same class.

Nine San Francisco Bay Area counties showed an increase of 32,281 fee paid registrations, the 1954 total of 1,323,968 being 2.5 per cent greater than the 1953 total of 1,291,687. (The Bay counties listed are San Francisco, Alameda, Contra Costa, Marin, Napa, San Mateo, Santa Clara, Solano and Sonoma.)

"The funds derived from registration and license fees are appropriated by the Legislature toward the solution of the state's traffic problems," he said. "The total amount collected by the Department of Motor Vehicles and deposited with the state treasurer during 1954 was over \$175,000,000. More than \$94,000,000 of this constitutes the motor vehicle fund, the greater part of which is devoted to highway purposes. Apportionments from the more than \$70,000,000 in vehicle license fee funds collected by the department are made by the state controller to cities and counties.

In preparation for "Camporees" coming in April and May, Scoutmaster John Mullerkey and Assistant Scoutmaster Walter Carvello took 21 Boy Scouts of Troop 48, St. Ambrose Church, on a training hike and "cook-out" in Tilden Park Sunday, Feb. 20.

After hiking to Wildcat Peak they underwent training in cooking and setting up camp. The following boys made the trip: Melvin Silver, Edward Olson, Bruno Motto, Benjamin Johnson, John Cook, James Strubel, Michael Hemp, Bill Johnson, Keith Swindell, Robert Petersen, Robert Smeaden, James Sylvester, Tommy Hutt, Ronnie Douglas, James Bertotti, Tommy Baquil, Michael Cook, James Murphy, Patrick Hoephner, Michael Hoephner and Fred Vallergera.

In a recent ceremony, Melvin Sylvester, one of five boys who had top records among 46 East Bay Scouts, received the Ad Altare Dei Cross awarded in the Oakland, Alameda and Mount Diablo councils.

The cross is the highest award in Roman Catholic Scouting.

Oakland Dog Show Opens Tomorrow

Rare breeds, several of them competing for the first time in an Oakland Kennel Club dog show, will be among the attractions when the local show is held this Saturday and Sunday, March 5 and 6, in the Oakland Exposition Building, 10th and Fallon Sts.

Helen Rosemont II, show superintendent, today reported three breeds which are "firsts" for the show, the Sydney Silky Terrier, the Mexican Hairless and the Smooth Coated Collie.

The show, the Oakland Kennel Club's 33rd anniversary event, will be open to the public from 10 a.m. to 10 p.m. both days.

Good drivers keep their ears in good mechanical condition, points out the National Automobile Club. Make a regular check on your tires, brakes and steering wheel mechanism.

1955 Easter Seal Campaign Opens March 10

The 1955 Easter Seal campaign, annual fund raising effort of the Handicapped and Crippled Children's Guild of Alameda County, will get underway here and throughout the county next Thursday, March 10, with the mailing to local residents of the colorful Easter Seals. The campaign will continue through April 10.

Mrs. Jacob G. Maassdam, general chairman for the appeal, said 250,000 sheets of 100 seals, decorated with the traditional white Easter lily, symbol of the crippled children's organization, will be placed in the mail. The Easter Seals will be accompanied by a return envelope and a letter requesting "generous support" for the program which provides aid to local crippled children whose parents cannot afford needed medical services or occupational therapy.

Some 5,800,000 people visited the state parks of Oregon during 1954 to shatter the annual attendance record, reports the National Automobile Club.

and "we want people to give voluntarily to the Easter Seal campaign because they want to help crippled children."

Br-r-r-r! was this a California winter?
Colder-than-usual weather has meant higher-than-usual heating costs. If you've been puzzled about this... here is your answer:
No wonder everyone's been talking about the weather this winter. It's been just plain cold around here—matter of fact, one of the coldest winters in recent years. Remember that long string of chilly days in December and January—six shivery weeks, right around the clock.
Naturally, with weather like this, it took more heat to keep most houses warm. P. G. and E. delivered nearly as much natural gas to homes this December and January—in just two months—as in the three months of November, December and January a year ago. That's how much difference a prolonged cold spell can make. (Most homes need more electric lighting this time of year, too... because of the short, darker days.)
So if you check your bills for this December and January and find your heating costs are higher than last year, it's almost entirely because of colder-than-usual weather...and the fact that most California homes aren't built for it. (For example, those big picture windows we Californians like so much let in almost as much chill as sunlight. And most homes aren't sufficiently insulated, either.) But maybe there's one good thing about a winter like this after all: It's sure going to make spring seem extra nice, isn't it?
This chart tells the story: It's certainly not your imagination that this winter has been colder than last. The bars below show how much above normal the average temperature was last winter, and how much below it's been this year.

Interest Grows

In Coordinating Council Program

As part of the publicity program, of the Albany Coordinating Council arrangements are being made to include high school students on a public speaking basis. Charles Moore, principal of Albany High School, and Richard Hillman of the English Department have expressed an interest and a willingness to cooperate in this area. Plans include the use of high school students making public appearances throughout the community, i.e., PTA groups, service club and other organizations, discussing the Albany Coordinating Council—clarifying its purpose, procedures, how it operates and current functions of the council.

Items to be included in their discussion will be the fact that the Albany Coordinating Council is an autonomous group governed by its members, who are volunteers of many community organizations and also interested individuals representing no particular group. Also, a representative does not necessarily commit his own organization by any action the council may take. The student might also include some of his own ideas about what the council can do for youth in general.

The high school student body is being asked if it would be willing to send an official representative to the council. It is hoped that this will bring closer ties between the youth of Albany and the council so that the council will be able to function more effectively in terms of its original aim—the promotion of better welfare of the youths of Albany.

At the last council meeting, 11 teen agers appeared as guests presenting views and desires of teen agers in the community. This teen age group plans to organize and have a representative on the council in the near future. Their interests primarily at that time was discussing the possibility of more

Her lectures and demonstrations in this field have won her acclaim throughout the Bay Area.

A visit to her studio during this spring flower festival will delight everybody who loves the beauty of flowers.

recreational activities in the community. The group was warmly received and encouraged to continue with its plans. All organized groups are encouraged to send a representative to the Albany Coordinating Council. The next meeting will be March 9, at 7:45 p.m. in the Albany Board of Education room, corner of Solano and Talbot Ave.

Marine Corps

Picking 'Best' For Its Service

MSgt. Philip W. Spencer, NCO in charge of the local Marine Corps Recruiting Station, announced today that now more than ever before, the Marine Corps is the service that selects its men. The Marine Corps has so many former Marines enlisting that the openings for new men has decreased.

Under this arrangement, the Corps is screening the applicants and choosing only the best, to insure that the men who are to defend the nation in case of a national emergency will be the best trained and qualified.

The sergeant invites all young men between the ages of 17 and 28, to inquire about enlistment in the Marines, and sends out a call for all former Marines to drop in for a visit at the Post Office Building, in Oakland.

ARTHRITIS?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.

Limited space prohibits telling you more here but if you will write me, I will reply at once and tell you how I received this wonderful relief.

United Nations Group Names 1955 Officers

Judge Louis J. Hardie is the first president of Albany's new organization, the Albany Chapter for the American Association of the United Nations. At a meeting held Wednesday, Feb. 23, in the Cornell School cafeteria, Albany, the following slate of officers was unanimously elected to assist the chapter's president. Dr. Florence Harris is vice-president; Walter Kees, treasurer; Mrs. Charles Keppel, recording secretary, and C. K. Warne, the financial secretary.

Major business items of the first official meeting included the adoption of a constitution and by-laws and the appointment of committee chairmen to serve for the 1955 term: Program, Dr. Florence Harris; publicity, Mrs. Alfred Mulera; hospitality, Mrs. Ted Latvala; education, Mrs. Lawrence Collins; membership, Mrs. Harold Denham; finance, C. K. Warne; ways and means, Lawrence Collins; and communications, Mrs. Bertha Schold.

A timely and informative UN March program of great concern to all those interested in our only "present instrument of peace" is being jointly planned with the Contra Costa County Chapter representatives, and the details will be announced soon.

A "birthday party" for the president, Judge Louis J. Hardie, with a beautiful George Washington cake and a gift from the members concluded the meeting.

Sgt. Jim Suggests

Sgt. Jim is back. But he has a little gripe. In the business areas—on the sidewalk. Do not ride your bike.

There were 2134 persons killed in traffic accidents in the unincorporated areas of California during 1954 according to the National Automobile Club. This figure represents a decrease of 8.72 per cent from that for 1953.

A grand total of 3,835,242 automobiles, trucks, and buses entered California through border quarantine stations during the year 1954, reports the National Automobile Club. This figure represents an increase of 76,921 over that for 1953, when 3,758,321 motor vehicles entered the state.

Ben Franklin gives you
some expert advice about
Payroll Savings

"What though you have found no Treasure, Diligence is the Mother of Good Luck."

Ever wished you had \$1,000, \$5,000 or more? Today, it is actually easy to save such large sums—through the Payroll Savings Plan. Here's how: you just name a sum to your company's pay office. Each payday, that amount will be withdrawn from your pay, and invested for you in one of the world's finest investments, U. S. Series E Savings Bonds!

"Little Strokes fell great Oaks."

See how quickly your savings grow, because Savings Bonds earn good interest—3% when held to maturity. Sign for as little as \$5.00 a week and in 9 years, 8 months, you'll have \$2,850 cash.

"Have you somewhat to do To-morrow, do it To-day."

Start making your dreams come true right now. Sign up for Payroll Savings today. Or, if you're self-employed, invest in Savings Bonds regularly when you bank. If you want your interest as current income, ask your banker about 3% Series H Bonds which pay interest semiannually by Treasury check.

"Remember what Poor Richard says:
Many a Little makes a Mickle."

The U. S. Government does not pay for this advertising. The Treasury Department thanks, for their patriotic donation, the Advertising Council and
